Church Street runs from St Giles Church in Southampton Street to London Street.

If you are driving down Southampton Street then just after you pass St Giles church on the right, turn right into Deangate Road, then turn right and left and the meeting house is on the left.

If you are driving or walking up London Street there is an alleyway on the right just past the Nepalese restaurant.

You could park in London Street and walk down the alleyway and the meeting house is on the right.

Walking from the town centre, go to Jackson's Corner, turn down Duke Street which will take you over the canal and to the dual carriageway. Cross over at the pedestrian crossing on the right and walk up London Street for about 200 yards. Just after the Nepalese restaurant turn right into the alleyway.
